Terms, \$3 for one, and \$5 for two in a family.

The idea of the Kindergarten is to teach very young children by the object system, in which Miss Babcock has had large experience in this city for many years.

recruit the wasting energies and  
build up the system.

—“Facts are stubborn things,”  
and sufferers from chills and fever  
generally find their complaint a  
very stubborn fact until they com-  
mence the use of Ayer's Agree  
Cure. That medicine eradicates the  
noxious poison from the system  
and invariably cures even the worse  
cases.

## ARBOR DAY.

### Last Night's Meeting of Citizens.

There was a good sized meeting  
of citizens at the Court House last  
evening to make arrangements for  
the suitable accepting and dispos-  
ing of Adolph Sutro's gift of 1,000  
trees to this city for Arbor Day.

Mr. Dan Kelly was called to the  
Chair and speeches were made by  
John Dormer, D. A. Bender, T.  
Connolly, Geo. Kitzmeyer and  
others. It was finally decided to  
appoint a Committee of practical  
tree planters and solicitors to man-  
age the affair. The Committee  
consists of J. L. Woods, N. S. Moody,  
G. B. Sford, Cap. Meyers, Sam Hodg-  
kinson, James Spurgeon, John  
Dormer and Sam Davis. They will  
canvass the city and make a report  
at another meeting to be held on  
Wednesday evening at the Court  
House. It is proposed to plant  
trees at the Orphan's Home, the  
different school yards, the Cemetery  
and distribute the rest among the  
citizens. Those subscribing to the  
expenses are entitled to one tree  
for every 25 cents subscribed.

### Novel Wager for a Yacht Race.

NEW YORK, April 2.—Oliver Is-  
elin, the banker, quietly started to  
build a sloop to meet the Scotch  
yacht Thistle, before he knew the  
Thistle's dimensions. He found  
out too late that his yacht would be  
too small, but he has christened her  
the Titania and made a match  
with the cutter Bedouin. It is to  
take place in June, it is to be twenty  
miles to windward outside the  
Hook, and for the novel stake of a  
silver pint-pot filled with gold dol-  
lars. Neither Mr. Iselin nor Ar-  
chibald Rodgers, owner of the Bed-  
ouin, knows how many gold dollars  
it will take to fill a pint pot, and  
neither is to know until the pot is  
won.

### A New Management.

Messrs. Stoddard & Twiss have  
taken charge of the Lake House,  
at Reno, and mean to conduct  
every department of it in first-class  
style. The table will always be  
supplied with the best the market  
affords. Terms reasonable. Free  
busts and from the depot. Their  
advertisement appears in another  
column.

### A Deserving Movement.

A new and ingenious method of  
supplying our homes with fine li-  
braries at low rates has been de-  
vised by the “Home Library Asso-  
ciation” of Chicago. The work is  
progressing rapidly throughout the  
State and a number of our most  
prominent citizens are deeply inter-  
ested in the matter.

### Hotel Burned.

MONTEREY Cal., April 2.—The  
Hotel Delmonico was discovered on  
fire shortly before midnight last  
night. Everything was done to  
save it, but without success. The  
magnificent hotel is a total wreck.  
No lives lost. It will be rebuilt.

## THE SCHOOL TRUSTEES.

They Explain Why the Funds  
are Short.

TO THE EDITOR OF THE APPEAL:  
—Public attention having been di-  
rected to the Board of School Trust-  
ees of District No. 1, that the  
Board is by Article V of Section 1  
of the School Law, required to pub-  
lish the proceedings of every meet-  
ing, at the last meeting of the Board  
the clerk was ordered to copy the  
minutes of meetings hereafter and  
hand them to some newspaper for  
publication, provided the same is  
done free of charge.

There is a desire on the part of  
the Board to keep the public well  
informed as to how the school  
money is being disbursed, and es-  
pecially now that it appears that  
the school money will not hold out  
to run the school through the full  
term, it may be as well for the  
clerk to make a short statement.

There seems to be an idea pre-  
vailing, which is gained from the  
frequent reports of large sales of  
Government land for the last two  
years, that our school funds are, or  
ought to be, in a flourishing condi-  
tion. That such is not the case  
can be seen, for the amounts ap-  
portioned by the State to our Dis-  
trict have decreased instead of in-  
creased, the last State apportion-  
ment being nearly \$1,000 less than  
the year before, and the county  
school tax being cut down from 40  
cents to 35 cents. In consequence  
the county apportionment fell short  
about \$1,000. In addition to this  
reduction the Board found it very  
necessary to paint and repair the  
North and South Ward school  
houses and fences, which were fast  
going to wreck, as nothing had  
been done to that property for five  
or six years. This took about \$1-  
000. This showing ought to be  
plain enough how the Board of  
Trustees ran short of money.

By the exertion of the Board the  
school tax was raised by the County  
Commissioners to 40 cents, it being  
plainly apparent that the schools  
cannot be run on 35 cents school  
tax.

Now, if it shall become necessary  
for the Trustees to close the schools  
on the 1st of May next as there is  
only enough money in the treasury  
to pay the expenses for April, or if  
the Trustees should run in debt  
several thousand dollars and keep  
school running the full term, it  
should not be charged to misman-  
agement on the part of the Trust-  
ees. There was no way to get  
around this state of affairs, except  
to allow the school property to go  
to wreck and ruin. What will be  
done under the circumstances, at  
the next meeting the Board will de-  
cide.

The following is a copy of the  
minutes of the last meeting, show-  
ing bills allowed for March.

Regular meeting of the Board of  
Trustees at D. A. Bender's office,  
D. A. Bender and G. W. Kitzmeyer

was discussed, but action postponed  
until next meeting. The following

## A SINGULAR DREAM.

The Man who Secured Lottery  
Ticket \$6,396.

To begin with, we wish to state  
that the foregoing story is strictly  
true, and not published as an adver-  
tisement of the Louisiana Lottery  
Company.

The facts of the case are vouched  
for by Governor Stevenson, Chas.  
Friend, Postmaster White and  
several other equally trustworthy  
persons.

About a month ago Louis Colon,  
a man employed at the R. R. shops,  
dreamed that he had drawn a large  
prize at the Louisiana Lottery  
drawing by securing ticket No. 86-  
396.

He paid little attention to the  
dream, but the next night he again  
dreamed it. He then became con-  
vinced that he would win if he se-  
cured the ticket, and going down  
to Sweney's asked for the number.  
Judge his astonishment when he  
was told that Henry Meyers a Car-  
son Valley rancher, had purchased  
the ticket not a moment before.  
Going to the faro room he found  
Meyers, and asked him if he wanted  
to sell his lottery ticket. Meyers  
declined, saying that a medium had  
told him that this ticket would  
draw one of the five capital prizes.  
Colon then told him his dream, and  
finally Colon paid Meyers \$100  
cash for a half interest.

He also told Governor Stevenson,  
Friend and White of his dream,  
and also several parties about the  
shops.

Everybody was laughing at Col-  
on's dream, but when the day ap-  
proached for the numbers to be  
telegraphed several parties offered  
him \$10 for an interest in his  
ticket, which he refused.

Sure enough, the numbers were  
telegraphed, and No. 86,396 wasn't  
there.

Then the man of dreams carefully  
scanned the whole list and figured  
on the approximate prizes, but no  
sign of No. 86,396.

That this dream did not come  
out true is the remarkable part of  
it, and causes general comment  
among Colon's friends.

If anybody has carefully perused  
this story expecting to see the  
dreamer get the capital prize at the  
end, he or she can call at this office  
and get the subscription refunded.  
We are telling a straight true  
story, and will not round off any  
story different from the truth just  
to please the popular taste for ro-  
mance.

## NANON.

The Coming of the Carleton Op-  
era Company.

On Tuesday April 12 the great  
Carleton Opera Company will be at  
the Opera House and present the  
greatest operatic sensation ever pro-  
duced at the Casino, New York  
City, where it ran one year. “Nan-  
on.” The Carleton Opera Com-  
pany's performance of comic opera  
are recognized throughout the  
country, as the finest ever given in  
America. It numbers a half a hun-  
dred of people headed by the most  
eminent artist ever engaged in  
comic opera, W. T. Carleton. It  
has a full large chorus which con-  
tains twenty five young ladies, of  
whom it is said a like number for  
youth, beauty and song, cannot be  
equalled upon the stage. The com-  
pany is famous for its magnificent  
and elegant costumes and it brings  
with it a full car load of superb  
scenery.

The saloon scene in the second  
act of “Nanon” painted by Hoyt,  
the greatest of all scenic artists, is  
the handsomest picture ever placed  
upon the stage in this country, not  
excepting any of the great theatres  
in the East. Mr. Whitney Allen,  
the advance representative of the  
Company, took the measurements  
of the Opera House stage yester-  
day, and found that this scene can  
be used here. The company have  
been playing at the Bush Street  
Theatre in San Francisco for the  
past five weeks to packed houses  
notwithstanding the fact that it has  
had Booth and other great attrac-  
tions at the other theatres, against  
it. The San Francisco press is em-  
phatically unanimous in declaring  
the Carleton performances as the  
most perfect ever given in that  
city. The music is light and pleas-  
ing to everybody, the pictures pre-  
sented are charming, while the fun  
is both refined and uproarious,  
that the Opera House will be pack-  
ed, is already a foregone conclu-  
sion.
